

# Shape Owl Cut and Paste

Includes patterns for copying and tracing by hand.

# Directions for Craftivity

Please use the picture as a guide!

1. Copy patterns onto coordinating construction paper or cardstock if you want your students to trace the patterns themselves.
2. Distribute the patterns to your students and have them cut them out.
3. Time to glue. Glue one wing underneath each side of the body.
4. Then glue the ears underneath the top of the body.
5. Next glue the feet on top of the bottom of the body.
6. Glue the eyes on top of the body.
7. Glue the nose on top of the body, below the eyes.
8. With a black marker, add a smile and claws.  
If you traced the patterns add black circles to the eyes as well.

All Done!
